A SONG OF GRATITUDE.

(By an FSA of 80 Years of Age)

These words a wise Physician said
"Stomach is a master all should dread
Oppose his laws - for Death greets him!"
Oh! then Health will triumph there!
With grateful thanks I hail thy name!
Eno! and strive to give it fame!
Your SALT OF FRUIT can bring me ease,
And give me comfort when I please
By true aperient strong or mild
To calm a man or soothe a child

Aid Nature without force or strain
Strengthen heart, liver, lung, and brain
Make the pulse neither fast nor slow
The blood heat not too high nor low
Obtain good health at little cost
Restoring what neglect had lost!
To know a SALT I owe a debt
The grateful mind may not forget
With rhyme that ought in part I pay
Experience teaching what to say - S C H

"Neglect not the body upon which the whole can his existence depend. Inform yourself of what is beneficial and what is pernicious to it."

IMPORTANT TO ALL

ENO'S FRUIT SALT It is the best Preventive of and Cure for Biliousness, Sick Headache, Skin Eruptions, Pimples on the Face, Giddiness, Feverishness, or Feverish Colds, Mental Depression, Want of Appetite, Constipation, Vomiting, Thirst &c. and to remove the effects of Errors of Eating and Drinking. It is invaluable to those who are Tired, Weary or Worn Out, or any one whose duties require them to undergo Mental or Unnatural Excitement or Strain. If its great value in keeping the body in health were universally known no family would be without it.

A NATURAL WAY OF RESTORING or PRESERVING HEALTH Use ENO'S FRUIT SALT (prepared from sound ripe fruit). It is a pleasant beverage both cooling, refreshing and invigorating.

HOT COUNTRIES - ACIDITY OF STOMACH - BILIOUSNESS

Eno's Fruit Salt is highly recommended by Mr. Enos, or any one interested in the human system. It is a natural and healthy food, and its use is highly recommended by the public. It is a natural and healthy food, and its use is highly recommended by the public. It is a natural and healthy food, and its use is highly recommended by the public.

J. M. LEBER, M.D.

Author of "Around the World" "Travels in Siam, China, India, Arabia, Egypt, &c."

INVIGORATING AND INVALUABLE I have used your Fruit Salt for many years and have with it the firm belief that it is not only refreshing and invigorating but also invaluable as a cooling and refreshing beverage. It is a natural and healthy food, and its use is highly recommended by the public. It is a natural and healthy food, and its use is highly recommended by the public.

HEADACHE AND DISORDERED STOMACH After suffering for nearly two and a half years from severe headache and disordered stomach and after trying almost everything, including much money with me, I found that I was recommended to try your Fruit Salt, and I found it to be a great benefit to me. I found it to be a great benefit to me. I found it to be a great benefit to me.

STIMULANTS partaking of too rich food, pastry, sugary and fatty substances, alcoholic drinks and insufficient amount of exercise frequently derange the liver. Eno's Fruit Salt is particularly adapted for any constitutional weakness of the liver. A world of woes is avoided by those who keep and use Eno's Fruit Salt. All our customers for ENO'S FRUIT SALT could not be without it upon any consideration, they having received so much benefit from it. - WOOD BROTHERS Chemist, Jersey 1878

RHEUMATISM - A lady writes - I have derived great benefit from Eno's Fruit Salt. I have lost a painful rheumatic swelling around the knee joint. Health has improved generally. I consider it a great blessing to the community and trust that it may be adopted far and wide.

SUCCESS IN LIFE - A new invention is brought before the public and commands success. A score of imitable imitations are made but by introducing it by the unscrupulous who in copying the original closely enough to deceive the public, and yet not so exactly as to injure upon the rights, exercise an ingenuity that employed in an original channel could not fail to secure reputation and profit. - Adams

CAUTION - Examine each Bottle and see the Capsule is marked "Eno's Fruit Salt". Without it you have been imposed on by worthless imitations. SOLD BY ALL CHEMISTS. Price 2s 9d and 1s 6d.

Books not in Stock procured to order and forwarded either *via* Calcutta or direct to addressee from London, by parcel post, or book post *via* Bindisi (no charge for Agency)

Particular attention is called to the following **TERMS** for CASH

Remittances received in Cash Currency Notes, Post Office Orders or Stamps

In order to place their Books before their constituents on the most favorable terms and to encourage cash payments Messrs THACKER SPINK & Co have decided to send **FREE** any English book if its cash price as advertised by them is remitted with the order or if the book is ordered to be sent by the value payable parcel system, the registration fee and postal commission only being borne by the addressee

It must be distinctly understood that the price in full must accompany the order otherwise it will not be at once attended to as one of the objects T S & Co have in view in making this large concession is to avoid the book keeping now forming such a heavy charge on small transactions

If a book is not in stock the money will be refunded or carried to account at the option of the remitter

The concession of free postage will not be allowed if books are charged to account, however promptly the account may be settled

Messrs T S & Co feel persuaded that many of their constituents would send cash if there were not the uncertainty about the postage T S & Co hope, by making the concession above announced, to do away with this uncertainty

The following Catalogues in detail are available, and will be forwarded on application

PUBLISHERS' NOTICE

THE general plan of the Directory is continued on the same lines as those which have given such satisfaction through Nineteen Editions.

The endeavour to compress matter has been continued, and it is hoped without any sacrifice of clearness and facility of reference.

The paging is continuous, and the catch words are continued, they being more useful than figures in many parts of the book.

A few new features may be noticed. On pages 283—288 will be found a NEWSPAPER and PERIODICAL Press Directory—the first attempt, it is believed, to give this for the whole of India. It is an imperfect attempt, but the Publishers hope the Managers of Newspapers will be more willing, after seeing this specimen, to aid their endeavours.

CLUBS (pages 289—292) a list of Clubs is frequently asked for by strangers, and it is hoped that this list will be found useful.

A LIST OF THE CIVIL DIVISIONS OF INDIA (pp 531—535), with the Subdivisions of each District, will form a convenient list for reference.

THE CONVEYANCE DIRECTORY (pp 819—845) has been greatly extended.

The Native names of Calcutta Streets have been given when they do not correspond with the English names.

The changes introduced last year have been continued.

The Telegraph Stations are marked by 't' in the List of Post Offices.

The List of Joint Stock Companies has been incorporated with the List of Merchants and Agents.

The List of Tea Companies is given in the Section especially devoted to Tea, Indigo, Coffee, Silk, &c.

The List of Brokers and Insurance Companies is included in the classified List of Trades and Professions.

The Army List of the Troops employed in the provinces included in the Bengal Presidency, is corrected to date.

The separate Lists of Military Officers and of the Bengal Civil Service have not been resumed, the whole of the names are entered in the General Alphabetical List.

The Publishers would take this opportunity of respectfully soliciting an earlier response to their call for information, to enable them to bring the work out at an earlier date.

To those who have not received a 'form' calling for information, the Publishers offer their apologies. They are earnestly requested to at once make known the fact, that the omission may be corrected when the time for preparing the 1882 Directory comes round.

In the calculations of the Tide Table, the times of High and Low Water have been corrected for the Moon's Position, as also for the Seasons, in which is included the influence due to the Sun's position, the Freshes, and the two Monsoons. Much reliance cannot be placed on what may be called the Seasonal Corrections, as they depend on the comparative force and duration of the two Monsoons and the Freshes, but it is anticipated that any errors produced by variation in those elements will be constant for a considerable portion of a Lunation, and the Table will still serve as a guide. The distances, in miles and decimals, of places in the River, given in the above Table, are measured through the centre of the navigable channels from Fort William Semaphore. The miles are geographical, of 2,018 yards each. The distances in British miles may be found by multiplying by 47 and dividing by 41. The Hours and Minutes that follow the distances, if *subtracted* from the time of High or Low Water given in the Tide Table, the remainder will give, though not quite accurately, the time of High or Low Water at the place in question. The time of High or Low Water at Barrackpore may be obtained roughly by *adding* one Hour to the time given in the Table.

The time of High Water is that at which it has reached its greatest altitude, and will commence to fall, although the tide will continue to run up about another hour. The time of Low Water is that at which it has reached its greatest depression, and will commence to rise, though the tide will continue to run down a little more than an hour.

Every parcel should be securely packed in a closed cover or case, and should bear the name and address of the person in the United Kingdom or Foreign country for whom it is intended. Parcels containing valuables should be sealed. A covering of stout cloth or wax-cloth sewn at the edges is recommended, but if the contents are liable to suffer from pressure, boxes of wood or tin should be used. Every parcel should be accompanied by a separate paper headed with the address of the parcel and containing a declaration (clearly written) of its contents and value under the signature of the sender. Parcels accompanied by a declaration to be enclosed in a substantial outer cover. This outer cover should be addressed to the Postmaster, Bombay. Parcels must not exceed 50 lbs (25 seers) in weight, or 2 feet in length by 1 foot in breadth or depth.

RULES FOR "VALUE-PAYABLE" ARTICLES.

(i.e., *Parcels and Registered Book Packets*)

1 The sender of a parcel or registered book packet may, at the time of posting, state the value of its contents in view to the amount being realized from the addressee and paid to the sender.

2 "Value-payable" articles may be posted in, and addressed to, only such post offices as are money order offices. Offices which are not money order offices are distinguished by figure 5 in the list of post offices given at page 89 *et seq*.

3 "Value payable" parcels should be packed as ordinary parcels, and "value payable" book packets should be packed in open covers, as prescribed for ordinary book packets. In both cases the sender is responsible for secure packing. "Value payable" parcels may be insured in accordance with the rules for packing of insured parcels.

4 The commission chargeable on payment to the sender of the value of the contents of a "value-payable" article will be as follows —

	Rs	As
If the value does not exceed Rs 10	0	2
If it exceeds Rs 10, and does not exceed Rs 25	0	4

And 4 annas for every additional Rs 25 or fraction thereof up to the limit value of Rs 600.

5 The commission will be deducted from the amount of the realized value when payment is made to the sender. Payment will be made by means of money orders. If a "value-payable" article is refused by the addressee, or from any cause is not delivered, payment of the value will not be made to the sender, and no claim will be made upon him, except for any unpaid postage which may have been originally due.

6 Postage will be chargeable on "value payable" parcels at the same rates as are chargeable on ordinary parcels, and it may be prepaid, or otherwise, at the option of the sender. Prepayment of parcel postage can only be made in cash. The postage (at ordinary book packet rates) upon a "value payable" registered book packet and the registration-fee (2 annas) must be prepaid by means of stamps.

7 The limit of weight (2,000 tolas) prescribed for ordinary parcels, as well as the conditions respecting size, &c., for ordinary parcels and ordinary book packets, will be applicable to "value-payable" articles. The value of the contents of a "value-payable" article may not exceed Rs 600.

8 The value of the contents of "value payable" articles, together with any postage due, must be paid by the addressees before they are delivered.

9 "Value-payable" articles will be received at the window of the post office during the hours fixed for receiving ordinary articles, i.e. (with a few exceptions) between 7 to 8 A.M., and from noon to 5 P.M., except on Sundays. They must be posted one hour at least before the closing of the mail with which they are to be dispatched.

10 "Value payable" articles, when presented at the post office window, should be accompanied by a memorandum containing the following particulars, *viz* —

Name and address of the addressee in full
Value of the contents recoverable from the addressee
Date of posting

A description of the contents should not be given, unless the sender desires to insure the parcel, in which case the insurance rules must be followed.

11 Intimation of the arrival of a "value-payable" article will be sent to the addressee, and on his presenting at the post office, either personally or by messenger, the receipt at foot of the intimation duly signed, and tendering the amount of the value of the contents, together with any postage that may be due the article will be delivered. The article should be carefully examined by the addressee or his messenger before it is received, and if there be any appearance of tampering, it should be brought to the notice of the postmaster, in whose presence, if necessary, it may be opened.

RULES FOR INSURING VALUE OF CONTENTS OF LETTERS AND PARCELS

Registered letters and parcels may be insured for the actual value, as certified on them by the sender, for transmission by inland post.

2 The facility for insuring registered letters and parcels will be made available at almost all post offices, the only exceptions being a few vernacular offices. The Government will guarantee to the sender the safe transit of insured registered letters and parcels, and will give compensation to him, within the insured value, for any actual loss occurring in transit from any cause whatsoever, except in cases of incomplete address, fraud or wrong declaration on part of sender, delivery to unauthorized agent, non intimation of loss within three months, insufficient packing though cover may seem untouched.

3 The compensation will be payable one month after the date on which intimation of loss is given by the sender to the post office.

4 An acknowledgment signed by the addressee will in ordinary course be transmitted to the sender.

5 No letter or parcel may be insured for an amount greater or less than the actual value of its contents as certified thereon by the sender.

6 The charges for insurance will be as follows —

When the value certified does not exceed Rs	50	2 annas,
"	100	4 annas,
and 4 annas for every additional Rs	100 or fraction thereof	

7 The prepayment of postage, and in the case of letters the registration fee, is compulsory, and must be effected by postage stamps affixed to the article. The prepayment of the insurance fee is also compulsory. In the case of insured letters the insurance fee must be effected by stamps affixed to the letter, and in the case of parcels the postage and insurance fees must be by means of cash tendered with the article.

8 A written declaration stating the nature and value of the contents must accompany each registered letter or parcel tendered for insurance, and if currency notes form the contents or part of the contents thereof, the serial and general numbers as well as the value of each note must be written in the declaration. The signature and address of the sender must be added. This declaration will be recorded in the post office.

9 The declared value must also be certified by the sender in figures and words immediately above the address on the envelope or cover of the letter or parcel: no correction or erasure is permissible in the writing or figures of the amount certified.

10 "Value payable" parcels, *i.e.*, parcels, the value of which is realized from the addressee and paid to the sender, may also be insured, insurance, however, renders the prepayment of postage and the insurance fee compulsory.

MONEY ORDERS

RULES FOR THE ISSUE AND PAYMENT OF INLAND MONEY ORDERS

Post offices generally shall be authorized to issue and pay money orders, and shall be open between the hours of 12 noon and 4 P.M. There are certain small post offices which do not issue money orders, and these are distinguished by figure 5 in the List of Post Offices given at page 89 *et seq.* of this Volume.

A separate application written on one of the printed forms supplied gratis by the post office, must be made for each money order. The name of only one person may be entered in the application as payee, and the name of only one person as remitter, except in the case of Firms or Corporations, when the usual designation must be given.

The remitter shall have no link to do with the transmission of the money order, this work being done entirely by the post office, but in due course he should expect to receive through the post office an acknowledgment signed by the payee. A money order shall be delivered by the post office of the post town named in the address given by the remitter, and if necessary, it shall be redirected. A money order delivered by the post office to the

payee, shall be accompanied by a receipt and in acknowledgment, both of which must be signed by him on taking delivery of the money order. The acknowledgment so signed shall be forwarded by the post office to the remitter. A money order is not transferable by indorsement: it must be signed by the payee named therein, and having been so signed, it may be presented for payment by the payee or any other legitimate holder.

After the close of the month following the month of the date of the money order, it shall lapse: a lapsed order shall, however, be payable within two months from the date of its lapsing, if postage stamps equal in value to a second commission be affixed to the back of it. After the expiration of two months from the date of lapsing, the amount of the money order shall be forfeited.

A money order can be paid only at the office or offices of payment mentioned thereon.

If a money order is lost, application for a duplicate may be made by the payee to the office of payment, or its head office, accompanied by a fee in cash equal to a second commission. It must be made in writing, and the post office shall require the applicant to furnish such particulars or evidence as may be deemed necessary to establish the claim.

The following conditions shall be applicable to money orders granted by the post office, namely:—The value of a money order shall not exceed Rs 150, and shall not include the fraction of an anna. The same remitter shall not be allowed to obtain in one day more than four money orders payable to the same person.

The commission charged on the issue of money orders shall be as follows:—

In preparing an application for a foreign money order, the name of the payee or the person to whom the money order is made payable should include the surname, and at least the initial either of one Christian name. If the payee be a Firm or Company, the name of the Firm or Company will suffice.

GOVERNMENT INLAND AGENCY OR BULLOCK TRAIN

The rules appertaining to "value payable" articles are applicable to bullock train packages, except to limits of weight and size, postage and mode of packing

Packages can be forwarded, either paid or unpaid, between any of the Agency offices. The charges vary according to the classification of goods, which is the same as that in force on the East Indian Railway

Packages destined for stations on the line of Railway where there are no Government Agencies, must be prepaid up to the limit of conveyance by bullock train, whence they will be forwarded by rail "unpaid" to the station of address

Charges between any two stations may be ascertained at a Bullock Train Office. No package will be charged at a less rate than one pound, but a despatch of several made by the same party at one time, and bearing the same address, will be charged according to aggregate weight

The bullock train also conveys passengers

BRITISH INDIAN MONEY, WEIGHTS, AND MEASURES.

The gold coin is the *Mohur* = 16 Rupees, but silver is the standard metal of India.

The current money is one Rupee = 16 annas, 1 anna = 12 pic.

The weight of the Gold Mohur and that of the current Rupee is the same, viz, 180 grains.

1000 Silver Rupees are referred to in the Money Market, but they are not issued, 100

Silver Rupees are equal to 106 10 8 current Rupees.

To convert Silver Rupees into current, add $\frac{1}{8}$ th, and current Rupees into Silver, deduct $\frac{1}{8}$ th.

Bazar Weight — 16 Chittacks are one seer, or 2 lbs 0 oz 13 dis, and 40 seers 1 maund, or 82 lb 2 ozs 3 dis 160 Bazar mounds = 110 Factory, and $1\frac{1}{2}$ Factory mounds = 1 cwt.

Factory Weight — 16 chittacks are 1 seer, or 1 lb 13 ozs 14 dis, and 14 seers, 1 maund, or 74 lbs 10 ozs 11 dis. The Indian maund = 82½ lbs Avoirdupois Weight.

BRITISH INDIAN MONEY

1 Pic		marked P	= $\frac{1}{4}$ Farthing
3 Pic		" Ps	= $1\frac{1}{2}$ "
8 Pic	make 1 Pice	" A	= 1 Penny
4 Pice or 12 Pic	" 1 Anna	" R	= $1\frac{1}{2}$ Pence
16 Annas	" 1 Rupee	" G M	= 2 Shillings
16 Rupees	" 1 Gold Mohur		= £1-12

N.B.—The relative value of the money of India and England fluctuates in the money market, thus a Rupee is sometimes worth 2s 2d, and sometimes only 1s 9d, but 2s. is the medium, or, as it called, its par value.

Cowries (*Cypræa moneta*), or small shells, are also made use of for fractional payments Their value is subject to fluctuations They are reckoned in Bengal —

4 Cowries	make 1 Gunda
20 Gundas	" 1 Pan
5 Pans	" 1 Anna

In the North-West Provinces —

2 Adlus	make 1 Dumree = say 7 Cowries
2 Dumrees	" 1 Chadam = " 14 "
2 Chādams	" 1 Adhala = " 28 "
2 Adhelas	" 1 Pysa = " 56 "

BRITISH INDIAN WEIGHTS

The Unit of the British Ponderary System is called the *Tola* It weighs 180 grain English Troy Weight From it upwards we derived the heavy weights viz, *Chittack*, *Seer*, and *Mound*, and by its sub-division, the small and jewellers weights called *Mashas*, *Ruttees*, and *Dhāns*

The following Table gives both the series —

1 Dhān or grain	=	$\frac{1}{48}$	grain Troy	=	$\frac{1}{77}$ dt Avoir
4 Dhāns	= 1	Ruttee	=	$\frac{1}{12}$	"
8 Ruttees	= 1	Masha	=	15	"
12 Mashas	= 1	Tola	=	7 dwt 12 "	= $\frac{6}{17}$ "
5 Tolas	= 1	Chittack	=	1 oz 17½ dwt Troy	= 2½ oz "
16 Chittacks	= 1	Seer	=	2½ lbs Troy	= 2½ lb "
40 Seers	= 1	Mun	=	100 lbs Troy	= 82½ lb "

N B — The Mound is exactly equal to 100 English pounds Troy, and 35 Seers are exactly equal to 72 pounds Avoirdupois

TO CONVERT INDIAN WEIGHT INTO AVOIRDUPOIS

Multiply the weight in Seer by 72 and divide by 35, the result will be the weight in lbs Avoirdupois, or multiply the weight in Mounds by 36, and divide by 49, the result will be the weight in cwt Avoirdupois

TO CONVERT AVOIRDUPOIS WEIGHT INTO INDIAN WEIGHT

Multiply the weight in lbs Avoirdupois by 35 and divide by 72, or multiply the weight in cwt by 49, and divide by 36, the result will be the weight in the former, in Seers, in the latter in Maunds

A Ton is equal to 27 222 Maunds, or 27½ Maunds nearly

BAZAR WEIGHT

5 Sickr* or Quarter Rupee make 1 Kancha	To reduce Bazar weight into Cwt, add
4 Kanchas*	1 Chittack
4 Chittacks, or 20 Tolas	" 1 Powah
4 Powahs	" 1 Seer
5 Seers	" 1 Pusseree
8 Pusserees, or 40 Seers	" 1 Maund
To reduce Bazar weight into Factory weight, add 1-10th	Thus 3,000 Bazar Maunds
Thus 3,000 Bazar Maunds	Add 1 10th 300
Add 1-10th 300	3,300
3,300 Factory Maunds	Deduct 1-3rd 1,100
	Remainder 2,200 Cwt
	To reduce Factory Maunds into Tons, divide by 30, and the quotient will be the answer
	Thus Factory Maunds 3,000 — 30 = 100 Tons

* These are Bengal weights, and not used in the N - W Provinces

BRITISH INDIAN MONEY, WEIGHTS, &c

The following Tables have been calculated on the old elements of Indian weights, as being still of a more general use. If it was necessary to convert old Bazar Maunds into new ones, the operation would consist simply in the following rule —

A (the old weight) Y (the new weight) 1,79,666 1,80,000

EXAMPLES

Required the value per lb of Indigo at Co's Rs 200 per Factory Maund, Exchange at 2s per Co's Rupee

In the Table in a line with 2s, and under per lb at Co's Rs per Factory Maund, is the Number 001339, which, when multiplied by Co's Rs 200, will give 2678 decimal of a £ Sterling or 5s 4½d

Required the value per Cwt of Sugar at Co's Rs 7 8 per Bazar Maund, Exchange at 2s 1d per Co's Rupee

Opposite to 2s 1d, and under per Cwt at Co's Rs per Bazar Maund, is the Number 142, which, when multiplied by Co's Rs 7½, will give the value in £ Sterling expressed decimally, 1065, or £1 1s 3½d

Required the value per lb of Quicksilver at Current Rs 4 per Factory Seer, Exchange at 2s per Co's Rupee

In a line with 2s, and under per lb at Current Rs per Factory Seer, is the Number 04926, which, when multiplied by Current Rs 4, will give 19704 decimal of a £ Sterling, or 3s 11½d

INDIAN CLOTH MEASURE

3 Jobs make 1 Ungli	say = $\frac{3}{4}$ Inch	8 Girahs make 1 Hath	say = 18 Inches
3 Unglis „ 1 Girah	„ = $2\frac{1}{4}$ Inches	2 Haths „ 1 Guz	„ = 1 Yard

N B — The Guz varies in different localities from 24 to 36 Inches

I here appear to be no Indian measures of capacity for Dry and Liquid goods, which are sold by weight. Wherever, for the sake of convenience, measures are employed, they are intended to represent some specific weight of a *Seer*, *Chittack*, &c

LINEAL MEASURE

Notwithstanding that the cubit or human fore arm is the basis or unit in Oriental and Western Countries, there is no fixed standard established in India

In Bengal the measure mostly used is the following —

1 Hath (Cubit)	=	18 Inches
4 Haths = 1 Danda	=	2 Yards
2 000 Dandas = 1 Coss		

The Coss or Bengal mile is equal to 1 mile, 1 furlong, 3 poles, $3\frac{1}{2}$ yards English

The Indian Imperial Coss is equal to $2\frac{1}{2}$ miles nearly

In the N W Provinces, the average distance is about 2 miles, but it differs in almost every province in the country. For instance, in Agra and Muttra, the coss is about $1\frac{1}{2}$ miles, towards the Hills the coss is a little more than a mile, in Bundelcund is three times as long as in other parts, and is called a *Pucca Coss*, while in the Doab is the *Gow Coss*, or as far as the lowing of a cow is heard at dead of night

BENGAL SQUARE OR LAND MEASURE

11 Chittacks	=	45 Sqr Ft or	5 Sqr Yards
16 Chittacks	= 1 Cottah	= 720 „ or	80 „
20 Cottahs	= 1 Beegah	= 14,400 „ or	1,600 „
	$3\frac{1}{2}$ Beegahs	=	1 Acre

(N W Provinces)

20 Uswansee	= 1 Suswansee	20 Kuchwansee	= 1 Biswansee
20 Suswansee	= 1 Kuchwansee	20 Biswansee	= 1 Biswa
	20 Biswa		= 1 Beegah

This is, however, no fixed standard Beegah, almost every district has its own Beegah of local measurement. Besides these there are *Cucha* and *Pucca* Beegahs, the latter generally three times larger than the former

ASSAM LAND MEASURE

12 Feet	= 1 Loocer	5 Cottahs	= 1 Hillisah
20 Loocers	= 1 Cottah	4 Hillisahs	= 1 Poorah

BENGAL LIQUID MEASURE

30 Kashtas	= 1 Kala	30 such Days	= 1 Month of Mortals

LIST OF INDIAN POST OFFICES AND TELEGRAPH STATIONS

Explanation of letters and figures

Capital Type is used to denote *Head Offices* such offices receive correspondence of all kinds by the most direct route. The first name is the name of the Post Town. The second name is the name of the Postal Circle.

Letter "s" denotes a *Sub Office*, which receives unpaid or insufficiently paid correspondence only through its Head Office, even though the route may be circuitous. It is advisable, therefore to prepay correspondence intended for delivery by a Sub Office. The first name is the name of the Post Town. The second name is the name of the District and where this is printed in the same column with the Post Town, with a hyphen between them, it should be added in addressing letters so as to distinguish the Post Town from other offices of the same or a similar name in other districts. The third name is the name of the Postal Circle.

Letter "r" denotes a *Receiving Office*, at which articles may be posted under the same conditions as at any other Office. Receiving Offices are not allowed to pay money orders, and they only issue money orders when authorized by the Post Master General to do so. A Receiving Office is reckoned as a part of the office under which it is printed, bearing the same name as that office, though distinguished from it by a number. It performs the functions of the office to which it belongs in such measure as is determined by the Post Master General. Receiving Offices are subordinate to the Post Master of the Office under which they are printed, except those specially marked with figure 2 as subordinate to Superintendents of the Railway Mail Service.

Figure 1 indicates offices liable to confusion from similar spelling.

Figure 3 denotes that all parcels addressed to offices in Beloochistan and Afghanistan situated beyond Jund Kohat (Khyber route), Atilhail (Kurim route) and Jacobabad (Quetta and Kandahar route), must be fully prepaid. Inured and value payable parcels cannot be received for transmission to these offices.

Figure 4 indicates Season Letter Offices.

Figure 5 indicates offices which are not Money Order Offices, and which cannot receive or deliver value payable articles.

Figure 6 indicates offices to and from which insurance is only partial, losses on certain portions of outlying mail lines being excepted from insurance. The insurance rates charged in such cases are half the usual rates.

|| There is no Post Office at the places so marked but fully prepaid ordinary letters and packets addressed to it will be made over to the Commandors of the Steam Flotillas for delivery, if possible. No unpaid article, or registered article, nor any parcel, can be forwarded in this way.

Letter "t" stands for Telegraphic Offices.

MOFUSSIL DIRECTORY.

The general plan of this Directory is to give all the information it has been possible to gather relating to Government Officials and Employes and Non Official Residents under the name of each District, but occasionally to place it under the name of the Station when it seems of sufficient importance.

When the name of the Sudder Station does not happen to be the same as that of the District, a reference to the list of Post Offices or List of Principal Places immediately preceding this Directory will easily enable any one to find the name of the District.

AGRA—A District in the North-Western Provinces

The Station is situated on the right bank of the River Jumna 442 miles by rail from Calcutta, and 801 by the Grand Trunk Road. Population of the City, about 150,000. Elevation, 650 feet above the sea. Lat 27° 10' Lon. 78° 5'

There is one Duk Bungalow in the Station and others at Flish, Lhawah, Luruckabad, Gun Sahaugunge, Mynpoory, Shikhabad, and Multa.
